Thank you for your interest in Deer River Public Schools and for visiting my website! The purpose of my site is to provide you with information about myself, our school district, and educational issues facing our schools.

This site has four main sections:

- This Home page, which provides an introduction and launch pad to the other parts of the site
- My Blog, which is a space I use to discuss educational issues and personal perspectives
- Mr. Grose, a page with information about me
- A page with district and educational News

You can access these sections by clicking on the links in the descriptions above, by clicking on the tabs at the top of the page, or by clicking on the links in the Menu to the left.

Thanks again for your visit - feel free to email me anytime!
